Request for Reconsideration of Petition under 37 CFR (b)

Sir:

This letter is in reply to the Office action of "Petition Decision" dated January 6, 2011. The Office action is in response to applicant's petition filed November 15, 2010. Revival of the above-abandoned application is respectfully petitioned under 37 CFR § 1.137(b). As explained in the petition filed September 7, 2010, the entire delay in filing the required reply from the due date for the reply until the filing of this petition was unintentional. An early grant of this petition is respectfully requested.

Petitioner was delighted to be kindly advised by the Attorney via phone conversation on 02/17/2011 that petitioner can send a new petition for reconsideration with a separate amendment first. If failed, petitioner could request continued examination of the application later by filing a submission and the fee set forth in § 1.17(e).

In the section of "The present petition and amendment" of the present Office action, it states that "Petitioner initially advised that any amendment to the application must be included as a separate paper. --- Here, petitioner has included remark/argument as to the merits of the

amendment filed February 16, 2010 in the body of the petition. A separate amendment is required." Accordingly, in this letter please allow petitioner to make up this issue and to provide a separate paper of "Amendment / Remarks and Argument" before the Examiner..

Applicant / petitioner hereby respectfully petitions the Commissioner to revival the above application due to unintentional delay under 37 CFR (b) and believes that the Amendment filed February 16, 2010 would place the application in condition for allowance.

Respectfully submitted,
